Sometimes it looks like...

Sometimes it looks like this...

How has my role changed?

Not much, but could be lots!

What do I see over the the next two years?

- Get to know **new staff** families and what's needed.
- **Re-writing job description** to help with launching this in *other programmes* across the world
- **Spiritual life** for health and longevity
- But at the end of the day.... **It's about PEOPLE!**
(so whatever they need to support them to thrive!)

What I'm looking forward to...

- Local church: kids church, leading worship, etc
- Maybe youth group
- Combined Church events (Upper Room, etc)

These things aren't officially part of my MAF role, but supporting families in their spiritual walks impacts every other part of their lives

More than anything...

- Walking in response to the Holy Spirit
- being intentional
- Being the best version of myself

A good reminder

People are all different. But just like flower petals,
when they're all put together, they make some-
thing breathtaking.
